

MTG-100T UHF Digital Transmitter (Rechargeable Battery)

Features

- Industry's smallest, ultra-compact housing.
- The LCD screen displays various function settings and battery status.
- Operates in the universal user license-free ISM band: CEPT/EU 863 – 865 MHz and USA 926 – 928 MHz.
- Digital modulation.
- Presets 16 channels. At least 3 compatible channels can be used simultaneously at the same venue.
- Manual ACT™ sync channel set-up or via charger carry case.
- Channel-lock setting prevents accidental change.
- Has Low / Mid / High switchable output power for battery saving or extending distance.
