

MTM-91 UHF Interlinking Transmitter Module

Features

- Compatible with UHF band receiver modules
- 16 selectable channels, with LED display.
- Modular design allows for easy installation and maintenance.

Specifications

Matching Receiver Modules	UHF band receiver modules
Frequency Range	480~934 MHz
Bandwidth	24 MHz
Oscillation Mode	PLL synthesized
RF Output Power	10 mW or 100 mW (country dependent)
Spurious Emissions	< -45 dBm
