

MU-210d Detachable Unidirectional Headworn Microphone

Features

- The unidirectional capsule unit reduces environmental noise, increases the S/N ratio and improves sound clarity.
- Flexible and durable headset frames with comfortable, soft ear-hooks. Available in three sizes for a secure, comfortable and ideal fit. The ultra-thin microphone boom is easily detachable from the frame and can be worn on the left or right side of the frame.
- The boom holder is fully rotatable so as to make adjustments in length, direction and angle for precise and optimum capsule positioning.
- The sweat-repelling ring and anti-pop sponge protect the capsule module.
- High dynamic range and wide-range sound pick-up.
