

MU-57H Waterproof Headworn Microphone

Features

- IP57 rating.
- The omnidirectional capsule unit features excellent off-axis response and picks up sounds from all directions.
- 4.5 mm capsule fits all kinds of wearing.
- Clear and brilliant sound. High fidelity, wide range, high dynamic range, and rapid transient response for true natural sound reproduction.
- The sweat-repelling ring and anti-pop sponge protect the capsule module.
- The microphone boom is easily detachable from the frame and can be worn on the left or right side of the frame.
- The boom holder is fully rotatable so as to make adjustments in length, direction and angle for precise and optimum microphone positioning.
- The newly designed adjustable frame offers stable and comfortable wearing, suitable for lectures, stages or sports applications.
- Standard MIPRO 3.5 mm TS plug; other plug types can be requested upon availability.

Meas. Distance : 50 cm
Test Environment : 20°C ± 2°C, 50% ± 5% RH
