MA-101EXP Extension Speaker

MA-101EXP is the most advanced and ergonomically-designed extension speaker in the market. It features compact speaker cabinet, built-in high-efficiency amplifier, high-sensitivity full-range speaker, and it is wall-mountable. Furthermore, it works perfectly with MIPRO's MA-101ACT Wireless Remote Amplifier.
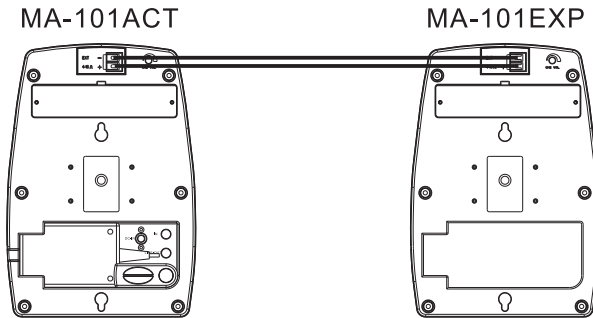

I. Functions of Each Part

Front Panel: Rear Panel:

❶ Main body: the speaker cabinet.

❷ Speaker: 5-inch full range speaker.

❸ External speaker connector: For connect to a 4~16Ł external speaker.

❹ Hanger trough: For hanging the system on the wall with any nails or hooks in upright or upside-down.

❺ Wall-mounting rack fixed screw hole: Special adjustable hanging rack can be fixed to the cabinet.
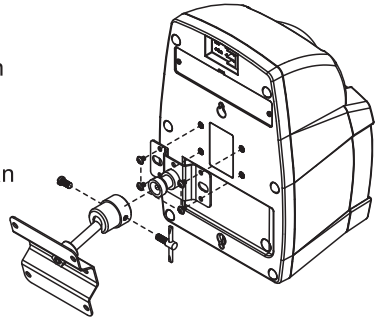

1

II. Operating

1. To ensure MA-101EXP works perfectly with MA-101ACT, please follow polarity indicated on the External speaker connector on the back of the cabinet and wire the system accordingly.

2. Note: The MA-101EXP extension speaker is rated at 30 watts @ 4 ohms. Please take care not to short out the speaker cables otherwise unwarranted damage could be done to the system amplifier.

3. How To Mount the System on the Wall:

(A) There are two openings to adapt hangers on the rear of the speaker cabinet allows the system to be hanged at user's choice.

(B) On the rear of the speaker cabinet, users can use adjustable wall-mounting accessories from MIPRO. Please see below illustration for correct assembling.

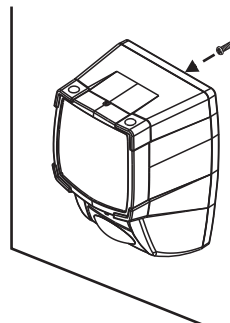

4. Use of Conventional Hanging Nail:

Hanging in upright position   Hanging in upside down position
