

# ACT-58TW

## 5 GHz Digital Bodypack Transmitter

### FEATURES

- Designed for use in fitness, teaching, and video production that demand dustproof and waterproof performance, the ACT-58TW is compatible with MIPRO 5 GHz receivers and wireless portable PA systems.
- Rated IP67 for water and dust protection, with a compact waterproof housing, concealed antenna, and flexible belt clip for reliable and discreet wear.
- Equipped with a 3.5 mm threaded locking connector designed for waterproof microphones, ensuring a tight seal that prevents moisture intrusion.
- With Group B settings enabled on the receiver, latency is reduced to less than 1.5 ms for real-time synchronization of sound and movement—ideal for dynamic performances and feedback monitoring.
- Three-stage LED battery indicator and mute switch provide convenient status visibility and control.
- Incorporates MIPRO's exclusive ACT™ function for fast and accurate frequency synchronization.
- Water-sealed battery cover with rubber gasket and the compartment holds two AA batteries.
- Compatible with MIPRO MU-57 Series waterproof lavalier and headworn microphones.

### SPECIFICATIONS

Frequency Range	ISM 5.8 GHz
Bandwidth	125 MHz
Waterproof Rating	IP67
Display	Three-segment LED battery indicator and mute indicator
Control Interface	ACT sync sensor and mute button
Mic. Capsule Modules	MIPRO lavalier and headworn mics
Input Connector	MIPRO 3.5 mm TS external thread
Max. Audio Input	6.5 dBV
RF Power Output	20 mW (country dependent)
Power Supply	Two AA alkaline
Dimensions	63 × 80 × 25 mm (W × H × D)
Weight	Approx. 82 g
