

E-5S

Tour Guide Single-sided Earphone

FEATURES

- Single-sided left-ear design ideal for tour guide systems, allowing one ear to monitor the environment while clearly receiving speech.
- Lightweight ergonomic ear-hook structure ensures a secure fit and long-wearing comfort.
- Perfectly matched with MTG-100R / MTG-100Ra digital tour guide receivers for stable audio transmission.
- Comes with replaceable foam earpads, available separately for easy maintenance.
