

MPC-100

Rackmount Receiver Power Supply Unit

FEATURES

- Centralized power supply management for multiple receivers and antenna dividers.
- Supports up to four receivers and one antenna divider with a single power source.
- Built-in AC power distribution eliminates the need for multiple AC connections.
- Durable 19" full-metal rackmount design with power indicator for reliable operation.
- Simplifies installation and cabling of multi-channel systems, keeping racks neat and organized.
