

MT-101ACT

Rechargeable Handheld Transmitter

FEATURES

- Delivers clear, distortion-free sound in a compact and lightweight design for easy portability.
- One transmitter can remotely control the power and volume of multiple MA-101ACT systems simultaneously.
- Hidden antenna design enhances signal stability while preventing breakage.
- Includes a neck strap for convenient wearing, allowing flexible adjustment of microphone distance for optimal sound pickup.
- Equipped with a 3.5 mm audio input with MIC/LINE switch, supporting lavalier, headworn microphones, or other audio sources.
- Side-mounted slide volume control provides intuitive operation and precise adjustments.
- Built-in rechargeable battery supports the MP-101ACT charging dock, offering over 24 hours of continuous use with just 3 hours of charging.

SPECIFICATIONS

Frequency Range	UHF 480 – 934 MHz (country dependent)
