

MM-59

Supercardioid Vocal Microphone

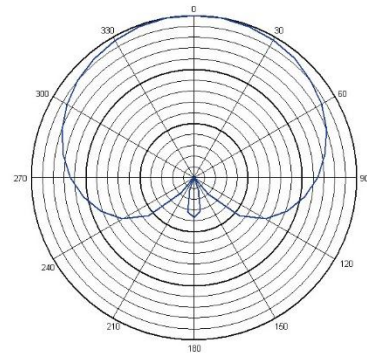

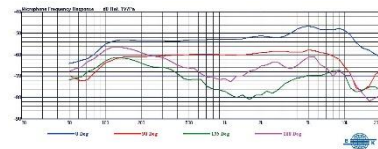

FEATURES

- Premium supercardioid dynamic capsule delivers detailed sound, wide dynamic range, and powerful projection.
- Ultra-low handling noise maintains clarity even in loud vocal performances or high-SPL outdoor environments.
- Features the MIPRO MU-59 interchangeable capsule module for flexible maintenance and extended service life.
- High-rigidity multi-layer metal grille and zinc-alloy body with dedicated on/off switch offer durability and pop protection.
- Professional-grade dynamic wired microphone ideal for large indoor/outdoor stages and live performances.
