

MTG-100C-28

28-slot Storage and Charger Carry Case

FEATURES

- 28-slot charging and storage case for MTG tour guide systems, charging up to 24 MTG-100R receivers and 4 MTG-100T transmitters simultaneously.
- Rugged professional case design ensures convenient transport and complete protection of transmitters, receivers, and accessories.
- Each slot features independent Li-ion battery management circuitry for safe and efficient charging.
- Red and green LED indicators clearly display power, charging, and full-charge status.
- Equipped with intelligent auto-sync button for one-touch system-wide frequency synchronization.
- Optional Ethernet interface and dedicated management software support remote monitoring and versatile management functions.
