

# MU-80A

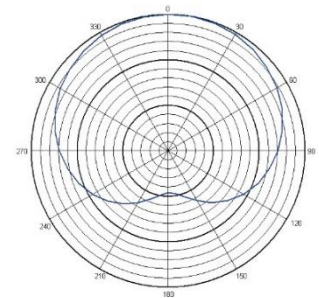

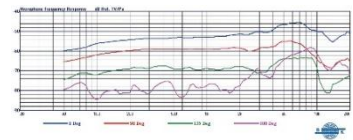

## Cardioid Condenser Microphone Capsule Module

### FEATURES

- Cardioid polar pattern reduces side and rear pickup, ideal for stage vocals and conference applications.
- High-performance condenser capsule delivers natural sound quality and fast transient response, faithfully reproducing vocal details.
- Wide dynamic range and SPL handling meet the demands of live performances and versatile applications.
- Protruding threaded lock ring specially designed for MIPRO dual-power handheld transmitters, ensuring secure and stable installation.
- Detachable upper and lower grille with multi-layer pop filter structure reduces plosives and allows easy cleaning.
- Durable modular design ensures convenient installation and professional reliability.

### SPECIFICATIONS

Type	Condenser
Polar Pattern	Cardioid
Frequency Response	50 Hz – 19 kHz
Sensitivity	-53 dBV/Pa
Max SPL	149 dB SPL
Compatible Models	MIPRO ACT-800H and other handheld transmitters with the same threaded connector specification.
Color	Champagne gold / black
Dimensions	51 × 78 mm (Ø × L)
Weight	Approx. 142 g

Measure Distance: 50 cm  
Test Environment: Room 1 & Room 2012 & 9640
